OUR MISSION

THE INSTITUTE FOR LAW AND FINANCE (ILF) strives to provide its students with a solid and comprehensive legal and financial education set in a dynamic learning environment, thereby giving them the competitive advantage to excel in their careers.

Our Master of Laws in Finance (LL.M. Finance) program offers excellent interdisciplinary and practice-oriented training in the areas of law and finance most significant to the banking, finance and securities sectors in one of Europe’s biggest financial centers.
INTERNATIONALITY

The Institute for Law and Finance (ILF) is an international center for academic excellence in teaching and research in the fields of law and finance. It was established in 2002 as a foundation of Goethe University Frankfurt am Main with the support of numerous leading commercial banks, international law firms, consulting and accounting firms as well as central banks and regulatory authorities such as the Deutsche Bundesbank and the European Central Bank. The LL.M. Finance program is international in every respect: our curriculum, faculty and students. The ILF also provides a policy platform in the legislative process by regularly holding public conferences and seminars for the purpose of promoting discussions and exchanges between academia and practitioners.

LEARNING EXCELLENCE

Excellent teaching is offered in the LL.M. Finance program on topics such as European and international corporate law, the law on capital markets and securities, project and acquisition finance, mergers and acquisition as well as European monetary policies and central banking. In addition, a wide range of courses on specialized topics such as “Accounting”, “Insurance and Risk Management” and “Principles of Business and International Taxation” are also offered. Our large faculty comes from over ten countries in Europe and the United States and we are proud of the diversity of our students, who originate from more than 22 countries every year.

FINANCIAL CENTER FRANKFURT

Frankfurt, the largest financial center on the continent, plays a very significant and central role in European and global finance. With the ILF based in Frankfurt, it is without any doubt the ideal location to train young professionals to deal with the legal and financial challenges facing a changing Europe and a complex globalized environment.
Numerous changes in the global financial markets over the past years have dramatically altered the requirements for and the contents of legal study.

With continual developments taking place in the financial markets as well as new requirements for financial regulation, central banking, compliance and insolvency law being implemented, there is an urgent need for professionals to be trained in these areas of legal practice.

The LL.M. Finance degree program will train you to excel in this increasingly important area where the worlds of international law and global finance meet.

The LL.M. Finance program enhances your job profile, marketability and opportunities because it is:

3. AN INTERACTION BETWEEN THEORY AND PRACTICE
The curriculum will enable you to gain both a theoretical understanding as well as a practical insight into the specific requirements of banks and corporations, international law firms and accounting and auditing firms, the European Central Bank and Germany’s Bundesbank.

In addition to outstanding academics, the majority of our faculty consists of top practitioners from the fields of law, banking, finance, central banking and financial regulation.

As an integral and important part of the LL.M. Finance degree program, you will also have the valuable opportunity to take part in an internship lasting from seven to eight weeks at one of the ILF’s sponsors and supporters from the financial, regulatory, central banking, international law and accounting areas. This practical experience enhances your CV and builds your essential transferable skills to get ahead of the competition!

Frankfurt am Main is the most international city in Germany and the largest financial center on continental Europe. There is an abundance to discover in this historical city of Goethe with its cultural offers.

Almost one-third of the people living in Frankfurt do not hold a German passport which means that visitors will always meet people in Frankfurt who speak their language and find a restaurant that offers their favorite food. The hospitable, open and welcoming atmosphere in Frankfurt stems from its centuries-old role as a trading center.

WHY STUDY

Since the Middle Ages, the city of Frankfurt has been a major trade and financial center at the crossroads of Europe’s trade routes. Today, as the leading financial marketplace in continental Europe, Frankfurt is the seat of the European Central Bank and international banks such as Deutsche Bank and Commerzbank.

Major public banking institutions, including the Deutsche Bundesbank and KfW Bankengruppe, one of the EU’s leading public credit institutions, are based in Frankfurt. One of the world’s largest stock exchanges, Deutsche Börse, which also houses the world’s largest and most modern, all-electronic derivatives exchange, Eurex, is also located here. The region benefits from an outstanding telecommunications and transportation infrastructure.

Our students have diverse cultural and ethnic backgrounds. Since English is the sole language of instruction, applicants must have a solid command of written and spoken English. Our program can be completed on a full-time or a part-time basis.

Only about 50 students are admitted each year in order to ensure academic excellence and direct, personal contact between students and the faculty.

DURATION OF THE PROGRAM

The LL.M. Finance program at the ILF is a one-year graduate degree program. The academic year is divided into two semesters, the Winter Semester (October to February) and the Summer Semester (April to July).

The program commences at the start of October and the end of course teaching is in July of the following year. The Master’s Thesis is written after the completion of coursework and shall be completed within a 4 months’ period. The program also includes a seven to eight week internship, which usually takes place during the break between the winter and summer semesters.

In the case where students wish to attend the LL.M. Finance program while continuing with pre-existing employment, the ILF offers them the option to extend their studies by two semesters so that they can take a reduced course load while continuing to fulfill their professional obligations. Students who are interested in this option must apply for approval to take a reduced course load.

Our alumni continue to stay in close contact with each other and with the ILF after they have completed their studies at the ILF. They are regularly invited to join our guest lectures, Alumni Roundtables and Homecoming Events, thus providing them with ample opportunities to meet up and share news with each other.

“The LL.M. Finance program attracts with a variety of legal and business courses. The legal subjects are not taught in isolation, but the emphasis is on the interplay between law and finance. Understanding the economic drivers behind the legal concepts is exceptionally important for a finance or corporate lawyer and this is one of the aspects which the ILF focuses on. The courses are taught by reputable and experienced practitioners from international organizations and strong academics with particularly intriguing approaches. Another advantage of the program is the two-month mandatory internship in international law firms or banks.

During the internship, the students will be exposed to the practical issues which they have been studying at the ILF. The internship could be also the first step for a professional career in that firm or institution. In my case, it was a great opportunity as it provided me with the chance to prove myself and secure a job position in the law firm where I currently work. The ILF is not only a place to study but also a place to meet people from all around the globe and build invaluable network. Coming to study at the Institute for Law and Finance was a key decision for my career development and I highly recommend the program to anyone who wants to pursue an international career in the financial sector.”

“I attended the Institute for Law and Finance during the academic year 2003-2004. The time spent at the institute gave me valuable insights to international finance law, which has helped me in my profession. The main advantage of the ILF compared to other law schools is the combined study of both law and finance. I would recommend the LL.M. Finance program at the ILF to anyone that wants to pursue a career within finance law.”

Iva Horcicova
CLASS OF 2012
Vice President, Napier Park Global Capital, London, U.K.

“...The LL.M. Finance program represents a unique opportunity for both prospective lawyers and bankers. The program offers a mixture of legal and business courses which helped me to understand both commercial and legal aspects of financial transactions, hence providing me with a great competitive advantage in my career. The classes are taught predominantly by lawyers and bankers with high academic standards, focusing on current financial topics and transactions. In combination with a compulsory internship at one of the international law firms or banks, you obtain practical knowledge highly regarded by any prospective employer. At the same time, you build an invaluable network for your career.

I also appreciate that the ILF is a smaller, focused and truly international institute providing high quality education and personalized service with a family-like atmosphere. Everybody knows your name even after couple of years and you are always welcomed to stop by and have a chat with anyone from the institute. All in all, I am very happy I decided to study at the ILF and could enjoy a fantastic year there. I would highly recommend the program to anyone who is thinking of an international career in law or finance.”

Alumni Roundtables – a time for catching up and sharing with friends!
“Studying in the LL.M. Finance program is perfect for you if you are interested in discovering the world where law and finance meet! I found the course exceptionally interesting due to its practical approach to law. As the majority of the courses were taught by well-renowned top of the market practitioners, it gave me valuable knowledge and insight on how different legal issues are handled in the real world. This, supported with new knowledge in financial matters, helped me to better understand lawyers’ role in financial transactions. I sincerely believe that the ILF’s practical approach really prepares you for a demanding career in law or finance and in my mind, it is one of the reasons why the LL.M. Finance program so clearly stands out among other LL.M programs.”

“Amy’s decision to study at the ILF has been one of the most important decisions of my career to date. The knowledge and experience which I gained during the LL.M. Finance program have led me to a rewarding career at one of the international law firms which sponsors the program. The curriculum offers a balance between academically challenging courses, as well as courses focusing on the practical elements of international financial transactions. Furthermore, the internship which forms part of the program offers an invaluable opportunity to establish contacts within one of the many international sponsor firms/institutions. I would thoroughly recommend the LL.M. Finance program to anybody seeking to improve their career opportunities and broaden their network of international contacts.”

“My motivation to study at the ILF was primarily because of its creative and novel course structure and its highly qualified faculty. The program is rightly packed with essential components which an aspiring finance or a business lawyer would need to survive in the highly competitive world of law and finance. The classes are practical when approaching the concepts of law, business and finance. As most of the faculty members are working professionals and partners of elite institutions of law and finance they not only help you to understand the subject but also teach you to apply them to real life situations. The ILF goes that extra mile to create business and professional networks for each and every participant of the course by organizing frequent seminars, educational trips and most of all, creating an all international experience where one could make social and business relationships with students from at least twenty different jurisdictions.”

Many ILF graduates have not left Germany after the completion of their studies, because they were hired straightaway by German employers. Alternatively, they found jobs in other money centers around the globe.”

DR. HENDRIK HAAG
Partner, Hengeler Mueller

“As a leading legal adviser in the field of international law of capital markets, Hengeler Mueller has a real interest in strengthening the Frankfurt financial market in the context of global competition. The ILF attracts young talent from all over the world through its qualitatively excellent program and especially contributes towards making Frankfurt an even more attractive place to work.”
HEALTH INSURANCE

All students are required to prove that they have adequate health insurance under German law before they can be matriculated as students of Goethe University Frankfurt am Main.

Nationals from EU member states and the contracting states to the European Economic Area (EEA), such as Norway and Switzerland, are covered in Germany pursuant to existing arrangements in the EEA for the coordination of health care systems. Students from such participating countries should clarify all relevant details with their home authorities prior to the start of the program. They should obtain the European Health Insurance Card from their home countries before traveling to Germany.

All other students are required to take out German health insurance for the duration of their studies. This applies regardless of any private health insurance policy the student may hold in his or her home country. Students under 30 years of age may be insured with a German public insurance company while students above 30 years old must be privately insured. The cost for students under 30 years of age is currently about 80 EUR per month.

LIVING COSTS

Overall personal living expenses vary depending on the cost of accommodation and other personal choices. An estimate of 1,000 EUR per month for general living expenses is a realistic calculation for the Frankfurt area.

ILF students receive a student card from Goethe University which entitles them to use the facilities of the University, which include the University’s refectories and cafeterias, where students can eat at reduced prices.

Students have direct access to the facilities on Campus Westend where the ILF is located. The student card includes a free pass to public transportation in the Frankfurt area and certain regional trains.

ACCOMMODATION

There are several accommodation options available to students in the Frankfurt area. The ILF offers a limited number of dormitory rooms owned by the university’s student services. Since the demand for these rooms is usually greater than the number of rooms available, they are reserved for students from abroad and allocated by lottery. Students interested in one of these rooms should let us know that they wish to take part in the allocation lottery.

Other options include student housing facilities offered by various church organizations and other non-profit housing facilities. We strongly recommend that students contact such organizations as soon as they receive notice of acceptance to the program, as these rooms are also very sought after.

The ILF is able to provide a list of these organizations and further information to help you find private accommodation in Frankfurt.

VISA REQUIREMENTS

Non-EU students should apply for visas once they have accepted a place in the program. Upon such acceptance, an official letter of admission from the Dean of Goethe University’s Law Faculty will be sent out. This letter of admission is necessary to apply for a student visa at the German consulate or embassy in the student’s home country.

Students are responsible for arranging their own visas. The ILF is happy to provide assistance should the consulate require further information regarding student status or the planned course of study.

TUITION FEES
The tuition fees for the LL.M. Finance program are set at 20,000 EUR (full-time) and 24,000 EUR (part-time). This fee covers tuition, the use of the ILF facilities, the use of the facilities of Goethe University Frankfurt am Main, the conferment of the degree upon the successful completion of the program requirements, transcripts, degree certificates as well as selected extra-curricular activities.

It does not cover the costs of living (i.e. board and lodging), health insurance, teaching materials or computer consumables. Students shall also bear the University’s semester enrolment fees (currently about 370 EUR per semester) themselves. All enrolled students are subject to the Terms of Enrolment (available on the ILF website).

ILF SCHOLARSHIPS (FINANCIAL NEED-BASED)
In exceptional cases, a limited amount of ILF Scholarships (Financial Need-Based) are available, thus reducing the amount of tuition fees payable by the student. Such funds are made possible by the generosity of the ILF sponsors and are awarded at the discretion of the ILF Admissions Committee based on the applicant’s proven financial need. The ILF does not provide any grant to students for the costs of living.

The ILF does not publicize the details of criteria used to assess applications for the ILF Scholarships (Financial Need-Based). However, as such scholarships are based solely on the proven financial circumstances of the applicant, you will only succeed in securing support if you provide as much information as possible about your individual and your family’s financial situation. Your financial information will not be considered as part of your application for a place in the LL.M. Finance program.

You are strongly recommended to contact the international office of your home university for information on scholarships and grants for nationals of your country to study in Germany.

PAYMENT TERMS
The tuition fees shall be paid in 3 installments:
